## **MICROS interfaces myfidelio.net with PayPal to provide online payment on the hotel's booking mask**

*Hotel guests will pay online for deposits and prepaid offers*

**Neuss, Germany – March 10th, 2010** – MICROS Systems, Inc. (NASDAQ:MCRS), a leading provider of information technology solutions for the hospitality and retail industries, is pleased to announce the launching of a powerful integration with PayPal, one the leading payment solutions worldwide, and myfidelio.net., MICROS's distribution services powered by the OPERA Reservation System.

This unique and innovative solution will enable the hotel to offer special rates with prepaid deposits that will be collected during the reservation process. Payments will be processed by PayPal and a confirmation number will be sent to the guest when completed. Full and partial deposits are possible, based on flat amounts or on the number of nights.

“Online payment is an increasing demand by hotels, that this way can secure revenues when offering special rates and optimize their revenue management. At the same time, it is a very sensitive area and guests pre-paying online expect a maximum of reliability and security. Lastly, we were looking for a payment solution that offers a variety of payment options and that can be easily integrated in the booking process”, said Andrea Carrillo Bianchi, Director Business Development Software as a Service at MICROS-Fidelio. “With PayPal we found a payment solution that met our requirements for flexibility, reliability and security”.

“We look forward to working with MICROS-Fidelio”, comments Arnulf Keese, Senior Director Merchant Services PayPal SE. “With its international services and clientele, offering e-commerce that can span the globe is the logical next step for MICROS-Fidelio.”

Myfidelio.net is the “Software as a Service” model of the OPERA Reservation System, an enterprise solution for the hospitality industry, providing central reservation management services and connections to worldwide distribution channels, the GDS and the hotel corporate website. Myfidelio.net offers full integration with all hotel solutions offered by MICROS, including OPERA PMS, Fidelio Suite 8 in Europe, Fidelio Version

6, and Fidelio Version 7. For more information on myfidelio.net please visit [www.myfidelio.net](http://www.myfidelio.net).

### **About PayPal**

PayPal is the faster, safer way to pay and get paid online. The service allows members to send money without sharing financial information, with the flexibility to pay using their account balances, bank accounts, credit cards or promotional financing. With more than 81 million active accounts in 190 markets and 24 currencies around the world, PayPal enables global ecommerce. PayPal is an eBay company and is made up of three leading online payment services: the PayPal global payment service, the Payflow Gateway and Bill Me Later. The company's open payment platform, PayPal X, allows developers to build innovative payment applications on multiple platforms and devices. More information about the company can be found at <https://www.paypal.com>.
